CERTIFICATE OF INCORPORATION

Records the legal name, RC 9782940, incorporation on 18 August 2026, private-company form and Companies and Allied Matters Act 2020.

CAC STATUS REPORT

Dated 18 August 2026. Records the registered location, business activity, ACTIVE status at that date and Nweke Chisom David as director. It does not identify a CEO title or prove current live status.

MEMORANDUM AND ARTICLES

Dated 18 August 2026. Sets out technology-related objects and corporate governance provisions. Registration is not government endorsement of the product or a financial-services licence.

STAMP DUTY AND SUPPLIED SCREENSHOT

The stamp-duty certificate records the registration duty and a reference matching the supplied memorandum/status report. The screenshot reports an RC/Tax-ID match; its issuer and live authenticity were not independently checked.

PRIVACY AND VERIFICATION

Originals are not published. Personal/residential details, birth dates, signatures, tax identifiers and payment references are omitted. This sheet uses uploaded evidence, not an independent live CAC lookup. It is company-issued information, not a CAC-certified extract.

PRODUCT RESPONSIBILITY

Dev-Lab provides AI-assisted development workflows. Review generated code, test user flows and check permissions before release. Incorporation documents are separate from product functionality and security validation.
